e-Mission Control,
The National Space Centre,
Leicester,
England.

Dear Commander,

Reference: Application to the Volcano Team

I am a Year 9 student in Elwood High School. I am interested in becoming a member of the Volcano Team in e-Mission: Operation Montserrat.

I am very interested in Science and Maths and I love working outdoors. Science is my favourite subject at school and one day I would like to go to university to study Geography.

I have read and listened to the interviews with the Vulcanologists on the e-Mission website. I think that I have the skills that are necessary to become a good Vulcanologist.

I have good attention to detail. I work with enthusiasm and put a lot of energy into everything I do. I would like to see how I could use my skills in Maths and Science in the real world especially if I can help to save people in danger.

Please consider me for a position on the Volcano Team.

Yours sincerely,

Alison Burrows,
